**PORTFOLIO**  
Johann du Toit

2007/16

"I strive for two things  
in design: simplicity and  
clarity. Great design  
is born of those two  
things."

~ Lindon Leader

## Design Philosophy and Ethics

*My graphic and webdesign's are beautiful, usable and professional using the latest best practises prescribed in our industry.*

To create my designs I utilise the Adobe Creative suite to produce and create print and digital work for a multitude of clients.

I have a passion for designing a beautiful and functional user experience, focusing on clean, elegant and efficient websites that entices the user and driving innovation and business growth.

## EDUCATION

**Eldoraigne High School** (Matriculated 2002)

**Tshwane University of Technology**  
(National Diploma in Multimedia Design)

**National College of Photography**  
(Advanced Photography)

**REAL Internet Solutions**  
(Wordpress, Joomla and SEO)

## JOB OBJECTIVE

I am a Graphic and Web Designer, but I see myself as my clients Brand Ambassador or as in the case of a start up a Brand Activator.

I enjoy the challenge of taking raw branding elements and making them work for a specific brand, client or target audience. Even if it means pulling a rabbit from a hat due to tight deadlines.
